Aims and Scope: The Journal of Food, Agriculture & Environment publishes peer-reviewed original research, critical reviews and short communications on food science and technology, agriculture, animal science, human nutrition or human health, with particular emphasis on interdisciplinary studies that explore the intersection of food, agriculture, and the environment. The journal also considers a limited number of relevant scholarly manuscripts addressing ethical or socioeconomic issues related to modern agricultural and environmental sciences. The journal offers advertisement space for special announcements.

Subscriptions: Orders are accepted on a prepaid and calendar-year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Rates are available upon request. Please find subscription rates and ordering details on the journal website.

Copyright: Articles published in this journal are protected by the copyright of WFL Publisher, terms and conditions apply to their use. All rights are reserved. However, You may cite all articles published in this journal but you must indicate the source of the information or add a link of the JFAE page.
